

Introducing The CardValet App

With the CardValet[®] app, you can save time and rest easy by controlling the cards in your wallet with the phone in your pocket.

Fraud Protection

- Real-time alerts keep you informed when your cards are used
- Transaction controls allow your cards to work only in specific locations or geographic areas
- When your cards are "off," no withdrawals or purchases will be approved

Control Spending

- Set spending limits for general use or specify thresholds by merchant types, such as gas, groceries or retail stores
- Establish controls by location and change parameters via your mobile device

Business Use

- Use transaction controls for merchant codes, locations, transaction types and thresholds to ensure employee spending adheres to company policies

Review Balance and Transactions

- Monitor your finances anytime, anywhere by using the CardValet app to check your account balances or review recent card transactions
